MESSAGE OF WELCOME

MILLIN 2017

Fellows, Members & Guests,

Welcome to the Millin Meeting 2017.

This is the first Millin meeting to take place in our new academic and education building, No. 26 York Street, which is home to the largest clinical simulation facility of its kind in Europe. RCSI's investment at No. 26 represents the beginning of an exciting new phase in RCSI's evolution, driven by strategic investment in transformative infrastructure projects and innovative education and training programmes.

The focus of everything we do is to ensure quality of outcome for our patients, with timely investigation and diagnosis and efficient, state-of-the-art treatment. RCSI, your College, is deeply committed to advancing the highest standards of professionalism in surgical practice and supporting our surgeons in practice to continue to lead in their fields through the ongoing provision of relevant learning opportunities. The Millin Meeting every year contributes to this with its ongoing educational platform.

The title of our meeting this year is *"Building the future of Surgery"*.

The formal meeting opens with a session on the difficult issue of *"Sustaining Surgery in Children in Ireland"*, during which issues including the model of care for surgery in children and surgery outside the National Children's Hospital will be discussed.

Our second session, entitled *"Building for the future of Surgery"*, will give you an overview of what RCSI was striving to achieve through the development of No. 26 York Street, and what it means for the future of surgical education and training in Ireland.

The major session of the afternoon focuses on Elective Surgery which is fast becoming a national problem which requires systemic and pragmatic solutions. This promises to be a lively session with diverse opinions!

The highlight of the day, the Millin Lecture 2017 *"Metabolic Surgery for Diabetes: A chance to cut is a chance to cure"* will be delivered by Ms. Helen Heneghan, PhD FRCSI Consultant Surgeon.

I look forward to seeing you all in your College for the day and to your active participation.

Professor John Hyland MCh FRCS FACS FRCSI
President

O'SULLIVAN MEDAL In 2007, Professor Gerald (Gerry) O'Sullivan, along with Professor Krikor Erzingatsian, while both presidents of their respective Colleges, established cooperation between RCSI and the College of Surgeons of East, Central and Southern Africa (COSECSA). This collaboration has continued and grown in the intervening years, becoming one of the largest, most durable and most impactful philanthropic interventions in surgical training in the developed world. Professor O'Sullivan was made an Honorary Fellow of COSECSA in 2011 for his service to COSECSA and Surgery in Africa. He passed away in 2012. Professor Erzingatsian, who in fact undertook his initial medical training and surgical training in RCSI, was made an Honorary Fellow of RCSI in 2016. The Gerald C. O'Sullivan Medal has been awarded by COSECSA in his honour since 2012. It is awarded to the candidate with the highest overall mark in the COSECSA Fellowship examinations each year, taking into account written, clinical and viva exams, in addition to consideration of the candidate's operative record and other factors. The medal winner in each of the first four years has been based in Kenya. The December 2016 winner was Dr Augustine Mapfumo from Zimbabwe. Dr Mapfumo is an Orthopaedic Surgeon based in Parirenyatwa Hospital in Harare, the capital of Zimbabwe. Court of Examiners

SUPPORT OUR DRIVE FOR EXCELLENCE IN ASSESSMENT

As part of its international strategy, the Court is currently in the process of establishing regional Chapters in South-East Asia and the Middle East. The South-East Asia Chapter was launched in August 2017 and the Gulf Area Chapter will be welcoming its foundation members in a ceremony in RCSI Bahrain later this month.

At the same time, we are also inviting all our Fellows in Ireland and the UK to become Court Members.

Membership of the Court allows our Fellows to:

- › Contribute to the assessment of junior colleagues
- › Obtain PCS Credits
- › Participate in Annual Meeting / Postgraduate Conferring
- › Network with colleagues
- › Examine in Overseas Centres

To find out more about becoming a Court Member, please contact us at examiners@rcsi.ie
